Radiant Midget—First Prize “Most Artistic Arrangement of Miniatures”

Bolsa DAHLIA GARDEN

197 OAKDALE AVENUE, MILL VALLEY, CALIFORNIA

1934

IT IS with pleasure we present our 1934 Catalog containing a list of the outstanding dahlias of the following small varieties,—Pompons, Miniatures and English Singles.

For a number of years we have centered our interest in the small types of dahlias. Our first exhibit of Pompons at a Dahlia Show as a novice brought us a first prize and we have continued to be first prize winners in the small classes ever since. From experience we feel we are competent to recommend the best.

There has been an increasing interest in these types as their value as a cut flower or garden adornment has become known and with the entry of a new class called Miniatures, a class between Pompons and the larger varieties, the interest has doubled, and no dahlia garden is representative without a few specimens of these choice small varieties.

The Pompons as a distinct class have been grown for years with a few new introductions each year, many of these exceed in beauty and form the older varieties. We try out most of the new ones and recommend only those that grow well for us in our soil and mild climate. Pompons have the same characteristics as the Ball dahlias and for show purposes are not more than two inches in diameter.

The Miniatures which must not exceed four inches, are a newer class not as well known as the Pompons. We are continually asked "What are Miniatures?" Miniatures are the same form as the large dahlias and classified the same. For example:—Little Jewel and Coronne are Miniature Formal Decoratives; Lady Mary Hope, a Miniature Informal Decorative; Elizabeth Pape, a Miniature Cactus; and Pink Pearl, a Miniature Peony. Because of the many types of the Miniatures there is a large variety from which to choose. The flowers are dainty and gracefully held aloft on good firm stems and very colorful in the soft pastel shades.

We again exhibited a thirty foot table of the small varieties at the 1933 Show of the Dahlia Society of California winning first for the best basket of Pompons with Anna von Schwerin, first for the most artistic arrangement of Pompons with a purple effect using Taka's Purple, Silver Tips, Mary Munns, Sumeya and Libbie Rohr; first for most artistic Miniatures with Radiant Midget; first on best collection of Pompons and first on English Singles. In the special red exhibit featured by the Society we won first on a basket of Bantam.

We are introducing three new dahlias this season described on the next page. These are all worthy of a place among the best.

Our greatest desire is to give satisfaction. We appreciate the many letters of praise from our customers. We are always happy to hear from both our new and old friends.

Sincerely,

"THE HAAKES"

(Mr. and Mrs. H. C.)

Remittance with order.

Express charges paid on retail orders over \$1.00.

Wholesale growers entitled to discount if identified by business stationery.

NEW DAHLIAS

BOLSA DAHLIA GARDEN INTRODUCTIONS FOR 1934

- GOLDEN CALIFORNIA . . . This remarkable Miniature was given a place on the Honor Roll by Mr. Darell Hart of the American Home Magazine and is worthy of that honor for it is a twin to the beautiful large dahlia Ambassador in both form and color, but in miniature. Its straight cactus form is yellow and amber in color with salmon shadings. The bushes are low growing and laden with blooms. April 15 delivery Net \$5.00
- MINNIE MELLIS . . . A Pompon of distinction, small perfect exhibition form with long stems. Orchid rose tipped and flushed with deep orchid with a deeper eye. Net \$1.50
- LITTLE SUNSHINE . . . An attractive light gold Pompon, good for all purposes, good form and long stems . . . Net \$1.50

NOVELTIES FROM OTHER GROWERS

- BISHOP OF LANDAFF A very unusual and attractive Miniature of Duplex form. Bright scarlet with center of deep garnet. Reddish bronze, lacy foliage. Low growing—wonderful for landscape effect . . . 1.00
- CORAL GEM . . . Informal decorative Miniature. Gold heavily overlaid with geranium pink, color deepening toward outer edge of petals. Prolific bloomer. 1.00
- RADIANT MIDGET A charming Miniature Ball dahlia approaching the formal decorative in form, producing an abundance of three to four inch orange, flame blooms held aloft on long, rigid stems. An ideal flower unsurpassed in the autumn tones for florist use. First prize 1933 Show . . . 1.00
- RED SEA A scarlet Miniature of the informal decorative type. Low growing covered with blooms. . . .50
- ORETA A golden Pompon shading from light to deeper gold. Long stems, large high bushes50
- SONNY This charming little Pom is a perfect exhibition type, pinkish cinnamon color with very long stems and a prolific bloomer 1.00

*California Origin.

Coronne—First Prize “Best White Miniature”

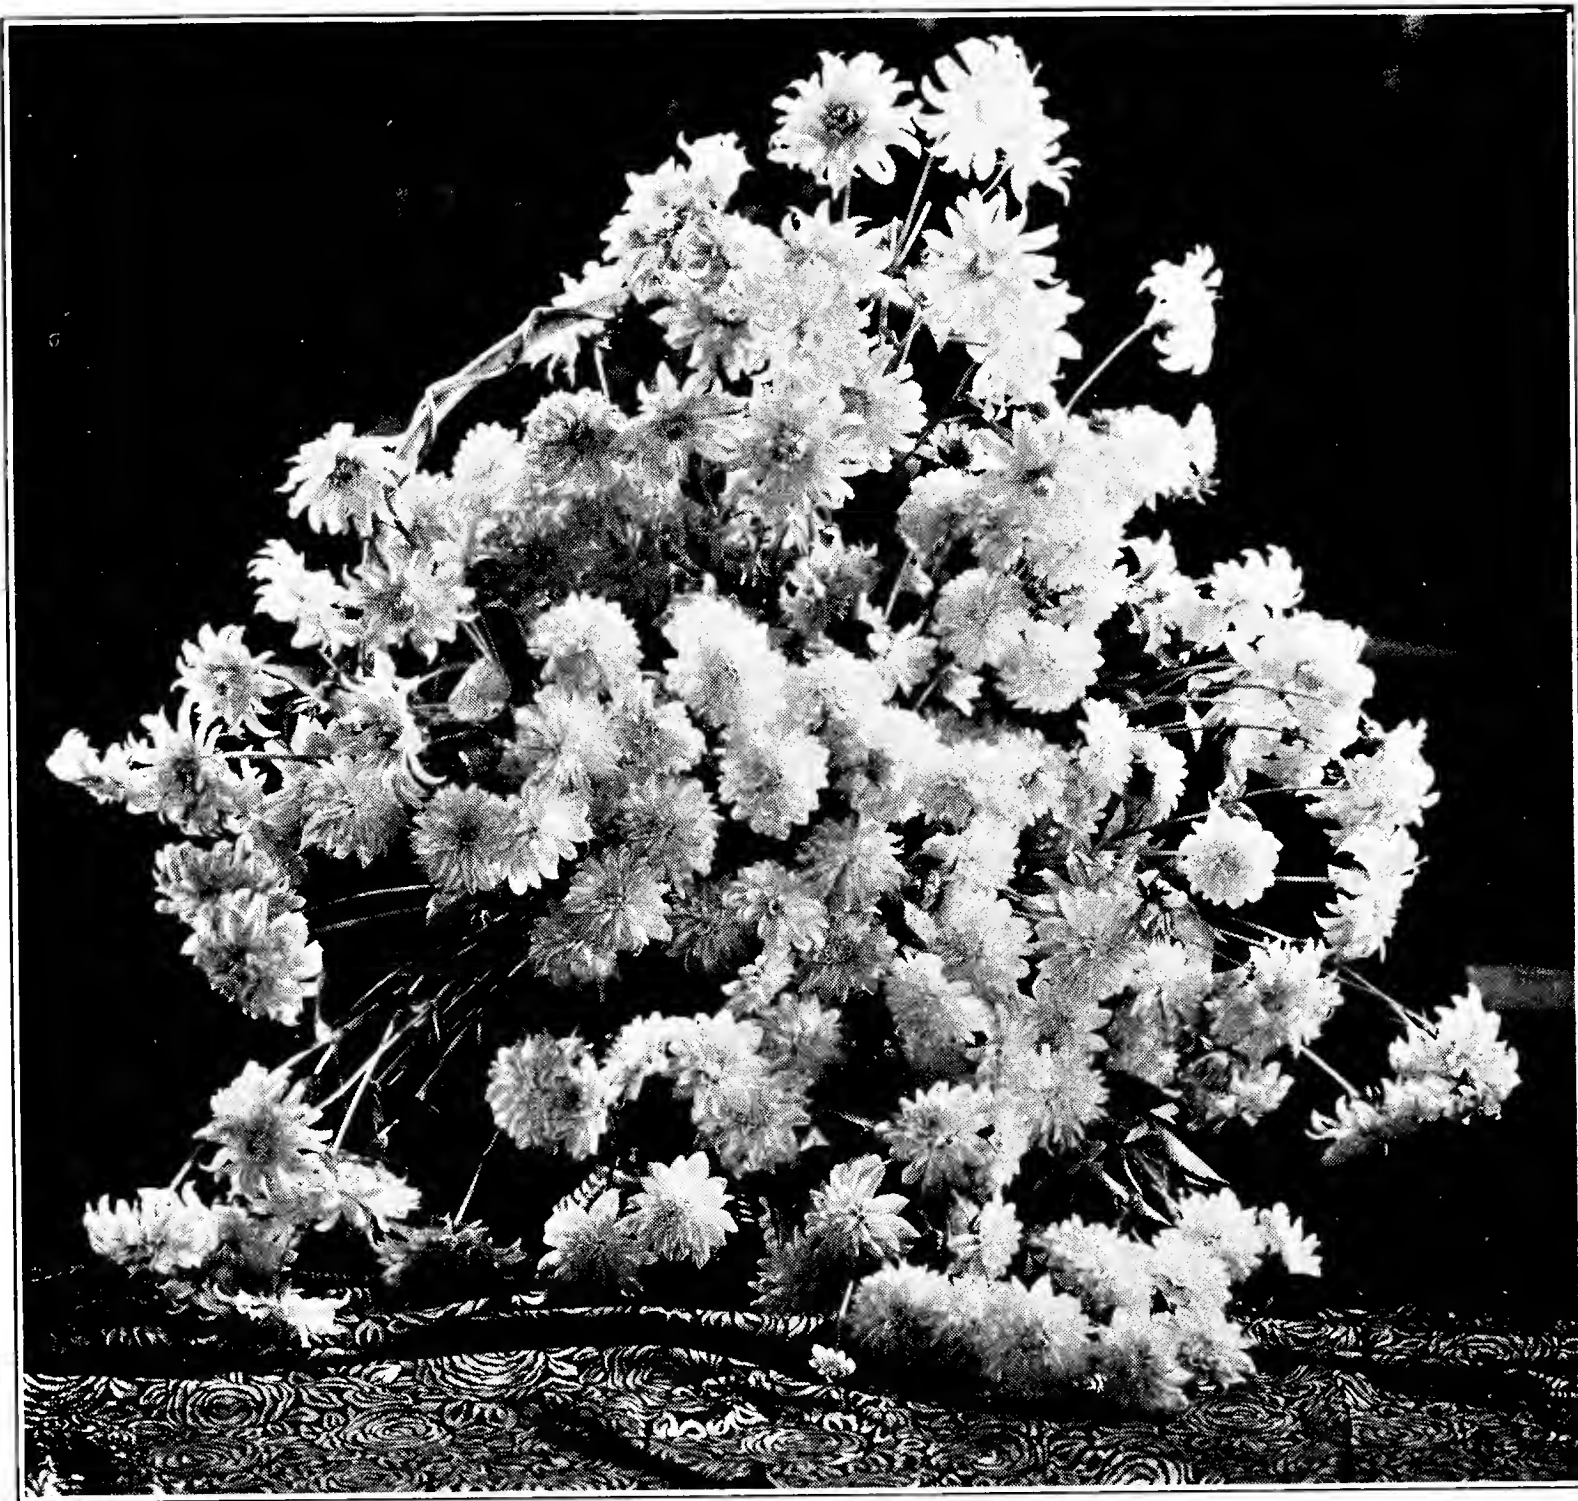

DAHLIA SEED

Have you ever tried growing dahlias from seed—if not try it once and get a thrill each morning on going out to your seedling patch to see what has bloomed over night. It is one of the most interesting and exciting features of dahlia culture.

A large percentage of the seed germinate, produce healthy plants with a few small tubers, and all bloom the first year. We hear excellent reports from our seed customers and as we sell you just the same grade of seed we plant ourselves you stand the same chance of getting prize-winners as we do.

Our seed is gathered from our fine quality of plants, allowed to dry on the bushes and carefully inspected before shipping.

One package of Pompon seed (100 seeds)	\$1.00
One-half package of Pompon Seed50
One package of Miniature or English Single seed25

Pink Pearl and Little Jewel
